

FOR MEMBER OF THE BOARD OF EDUCATION

BECKY HOPWOOD

Occupation: Incumbent

For 24 years, Albany has been my home. It's where I raised my three children, who attended Albany schools from kindergarten through 12th grade before going on to college. I have volunteered extensively in our schools and community and, as a member of the Board of Education, helped lead successful parcel tax and bond measure campaigns to provide critical funding for Albany students. I've served as Board president and vice president and worked to support equity, academic excellence, student well-being, fiscal responsibility, and strong partnerships with families and staff. A former registered nurse and midwife, I bring a calm, thoughtful, and detail-oriented approach to problem-solving and public service. Our district has experienced significant change in recent years, including the loss of our superintendent, new district administrators, and Board turnover. During times of transition, experienced leadership matters. I bring the stability, continuity, and steady governance needed to support our students, staff, and families while helping AUSD continue to thrive. I'm endorsed by School Board Vice President Inkeles; former Board Presidents Hinkley, Trutane, and Rosenbaum; Albany City Council Members López, Miki, and Jordan; and former Mayors Tiedemann and Pilch. I would be honored to earn your vote for re-election to the Board.
