

Albany Project HOPE
Homeless Outreach and Engagement Program
Berkeley Food and Housing Project Narrative Report to City Council
July 2020 – September 2020

Activities To-Date

The Housing Navigation team continues to support clients accessing Rapid Rehousing through Albany Project Hope. This includes three clients residing in an Oakland residence, a client in Alameda, 3 more clients residing in units also in Oakland, one in Berkeley, and four clients occupying the master leased residence in Richmond. Two clients were moved from the motel to the master leased house for rapid rehousing. Two of the four client have received a Match from Homestretch for Permanent Supportive Housing. We are currently working on obtaining required documents. The Housing Navigators have supported all clients in applying for additional subsidized housing opportunities and have tended to the individual needs identified on each client's housing stability plan. This quarter, additional care was taken to support clients in applying for unemployment income after two clients were terminated from employment due to COVID-19. In order to financially support all households in maintaining financial stability, Albany Project HOPE issued full rent coverage for all Rapid Rehousing clients beginning April 2020 and has continued through September 2020.

As stated in the previous quarterly narrative, Albany Housing Navigation has continued to support a client in Rapid Rehousing who received a Permanent Supportive Housing match for senior housing in Berkeley, CA. Due to COVID-19, all intakes at this housing location have stopped. This quarter, Albany Project HOPE Housing Navigators advocated for the client's urgent permanent housing needs and requested alternative intake options. The senior housing location and the City of Berkeley are considering other intake possibilities. The Housing Navigation team continues to advocate for this client's immediate permanent housing needs. This process has continued through September and still waiting.

Housing Navigation has also continued to support four clients accessing RRH in a master leased house in Richmond. The team has engaged in regular weekly in-person check-ins with the household and supported the clients with shared living skills. Additionally, Albany Housing Navigators have supported the clients in increasing their income and acquiring necessary documents for Permanent Supportive Housing. The Housing Navigators have worked collaboratively with the Homeless Action Center, a legal clinic that focuses on income and benefits advocacy, to support the clients in accessing disability income. Two of the four client have a PSH match. Our goal is to get the two other clients matched as well.

This quarter, the majority of outreach engagement has focused on clients residing in motels with assistance from Project HOPE. Housing Navigators supported clients by providing Personal Protective Equipment (PPE), such as gloves and masks, and demonstrating the proper use of PPE. Housing Navigators have also provided information on best practices for sanitation, hand washing, and social distancing when leaving the motel for necessary trips, such as grocery shopping. In order to ensure that clients remained indoors during COVID-19, the Housing Navigators and additional BFHP staff supported clients in relocating to new motel locations as needed. The Housing

Navigators worked with motel management to ensure a positive experience with their participation with the Project HOPE program. Our goal is to move each client from motel into Rapid Rehousing and then Permanent Supportive Housing.

This quarter included 26 total clients enrolled into Housing Navigation, with two exiting after securing permanent housing. There were also a total of 4 individuals enrolled into Outreach. All clients who accessed motel assistance through Albany Project HOPE were enrolled into Housing Navigation and provided Housing Stability Plans to support with their long-term housing goals.

Successes

This quarter, Albany Project HOPE supported several households in transitioning from the emergency motels to long-term housing. The housing successes include Rapid Rehousing and Permanent Supportive Housing. The Housing Navigators supported two clients with subsidized housing vouchers in securing long-term units. Both clients received assistance with furniture, household items, deposits, and other move-in costs. Housing Navigators also assisted clients with move-in logistics, such as lease signing and establishing utilities for their new addresses. The other client will continue to receive tenancy support from Albany Project HOPE.

Additionally, Housing Navigators supported 6 clients in moving out of motels into Rapid Rehousing. The Housing Navigators identified and applied for appropriate units for both clients, and also communicated with property owners to advocate for their clients' housing needs. Similar to the permanent housing successes, Housing Navigators helped clients acquire household items and furniture. Albany Project HOPE also assisted with move-in costs, and all 6 client's move-in included a financial incentive for a property owner who is participating with the program for the first time. All households will begin their leases in July, August, and September 2020.

In addition to these housing successes, the Project HOPE program has also assisted clients with referrals to Operation safer Ground Berkeley for FEMA motel assistance for 5 clients with compromising health. Each client has received a match from Homestretch for Permanent Supportive Housing. Currently working with client to obtain required documents.

Lastly, the use of motel assistance has been enormously successful in helping maintain the safety and health of Albany clients. The stabilization offered by the motels allowed Housing Navigators to create Housing Stability Plans and identify each client's immediate needs. For example, the Housing Navigators supported two clients with disabilities in applying for In Home Support Services to receive in-home caregiving assistance. The stability offered by the motel made the application process easier, and allowed the clients to provide an address for IHSS services. Most importantly, the use of motel assistance provided reassurance that clients will be safe, allowing Housing Navigators to focus on housing during these difficult and uncertain times.

Challenges

The primary challenges of this quarter are largely due to COVID-19. Housing Navigators have endeavored to support all clients in accessing Permanent Supportive Housing, but the process has been impacted by closures in social services, Social Security Administration, and the Department of Motor Vehicles. These closures have significantly impeded efforts to help clients replace IDs, social security cards, and other documents that are required for Permanent Supportive Housing programs. Although some of these places have reopened most places are by appointment only or limited hours of operation. Housing Navigators have contacted legal clinics for assistance with these processes, with some success. As times goes by there have been several emails received from Homestretch regarding upcoming clients Matches. However, there are still significant barriers and wait times for clients to access basic documentation.

Additionally, the current state of shelter-in-place has slowed progress with other clients who have secured subsidized housing matches. While their matches to permanent supportive housing are still valid, there is uncertainty about the timeline of helping clients move into permanent housing. The state of this pandemic has highly increased anxiety and depression which has caused a noticeably increase of substance abuse amongst clients.

EXHIBIT D

BFHP Albany PROJECT PERFORMANCE MEASURES FY 20-21

Due on the 15th of each month following the quarter

Project Performance Measures and Targets				
Performance Measure	Target	Progress/Activity this period	Year to date statistics	Comments
Outreach contacts (unduplicated contact with a new client)	60	20	20	
Performed initial intake/enrollment	40	10	10	
Number of housing case plans performed	25	25	25	
New Clients Housed (RRH)	12	5	5	
Master Leasing – New clients housed	10	5	5	
Clients maintaining housing for 6 months	8	7	7	
*Clients maintaining housing for a year	7	6	6	
Clients matched with PSH- Everyone Home	6	10	10	
New Clients - prevention	6	5	5	
Clients receiving flexible housing subsidy for move in costs	10	5	5	
Clients served with Landlords incentives	12	5	5	

*This measure duplicates clients in the measure above. It includes only non-exited clients.
